

Our Guarantee & Other Policies

GUARANTEE

Because our caterings are priced and prepared on a per person basis, we must know the total number of guests that are expected. We ask that no later than 24 hours before your party you give us a final Minimum Guarantee. We will come prepared to serve a full 20% over your minimum guarantee. You will be billed for your minimum guarantee, or the actual number of people served, whichever is greater.

GUEST COUNTS

On buffet-style meals, we use the Plate Count Method to determine the number of guests served. We will be glad to collect meal tickets which you have provided, serving only guests with meal tickets. In this case we use the tickets to determine the number served.
